

**LEDWIN**

**Make the difference**

Led bulb led panel led ceiling lamp

Led candel energy saving lamp

# Company profile

## About us

Ledwin lighting limited is one supplier of led and cfl products. The company established in November 2017 professional in research, import and export of lamp products, located in NO2 Qinglian district Yiwu city Zhejiang province China.

## Product line

Our products include: led panel led bulb led spot light led strip led flood light led track light led down light and energy saving lamp etc. Company in strict accordance with CE ROHS standard to manage production, while providing the production process with the desired burn-in test environment. Products feature reliable performance and unique functions.

## Service

We are ready to meet your request. Supply high quality products and help contact with shipping company for goods to destination city.

## Shipping

- By sea
- By flight
- By Express including DHL TNT Fedex EMS. Arriving at your doorstep within average 4-5 days.

## Our value

- Professionalism
- Customer satisfaction
- Good and prompt after sell service

MODEL NO LW-001

- Material: Plastic+ Aluminum
- Voltage: 85-265V
- Driver: IC Constant

Watts: 3W 5W 7W 9W 12W 15W

Base: E27/B22

SMD: 5730/2835

MODEL NO LW-002

- Material: Plastic+aluminum
- Base: E27/B22
- Driver: IC constant
- SMD: 5730/2835
- Watts: 3W 5W 7W 9W 12W 15W 18W

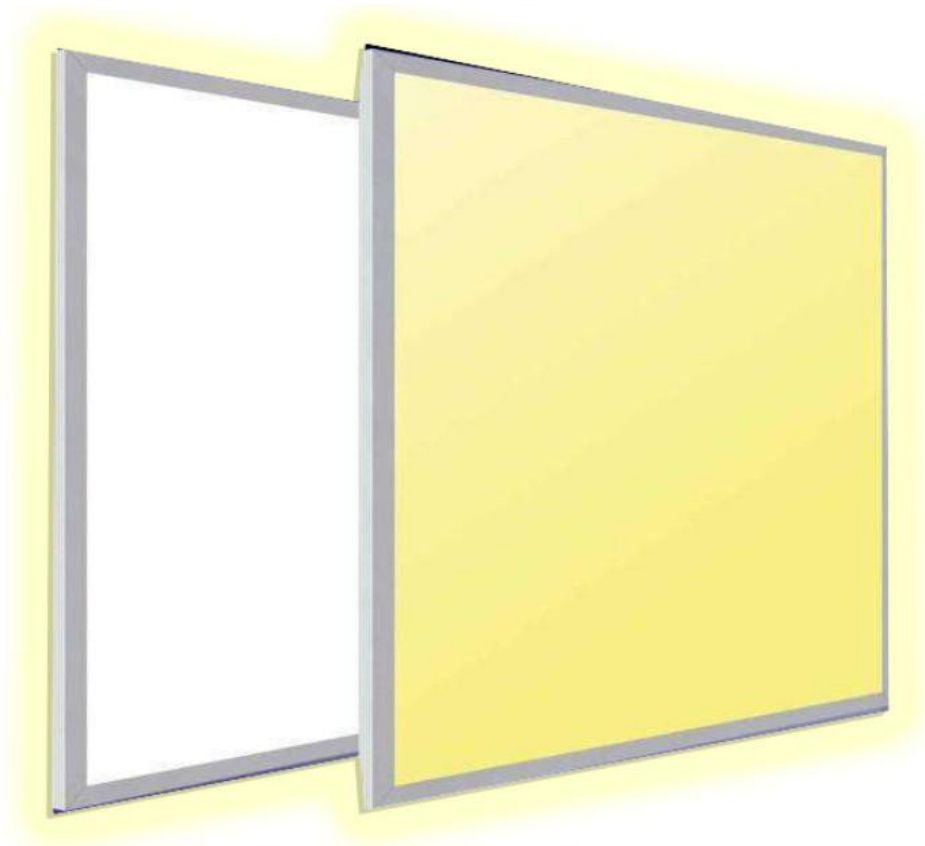

- Material: Plastic+aluminum
- Driver: IC constant
- SMD: 5730/2835
- Watts: 3W 5W 7W 9W
- Battery backup time: 6 hours

MODEL NO LW-003

- Material: Plastic+aluminum
- Driver: IC constant
- SMD: 5730/2835
- Watts: 3W 5W 7W 9W 12W
- Battery backup time: 6 hours

MODEL NO LW-004

MODEL NO LW-005

- Material: aluminum                      Driver: IC constant
- Watts: 36W 48W 70W 110W              Light color: white    warm white
- SMD: 2835 or 3014                      Voltage: 85-265V

MODEL NO LW-006

- Material: aluminum    SMD: 2835
- Driver: IC constant      Voltage: 85-265V
- Watts: 3W 4W 6W 9W 12W 18W 24W
- Light color: white    warm white
- Shape: round    square

MODEL NO LW-007

- Material: aluminum
- Driver: IC constant
- Watts: 30W 50W 100W 150W
- Voltage: 85-265V
- Light color: white warm white
- Water proof rating: IP65

- Material: aluminum
- Driver: IC constant
- Watts: 50W 100W 150W 200W
- Light color: white warm white
- Water proof rating: IP65
- Voltage: 85-265V

MODEL NO LW-008

MODEL NO LW-009

- Material: aluminum
- Driver: IC constant
- Watts: 7W 12W 18W 25W 30W
- Light color: white warm white
- Voltage: 85-265V

- Material: glass aluminum
- Driver: IC constant
- Watts: 7W 12W 18W 25W 30W
- Light color: white warm white
- Voltage: 85-265V

MODEL NO LW-010

- Material: aluminum plastic
- Driver: IC constant
- Watts: 5W 10W 20W 25W 30W
- Light color: white warm white
- Voltage: 110V 220V

MODEL NO LW-011

MODEL NO LW-012

- Material: aluminum glass
  - Driver: IC constant
  - Watts: 7W 10W 20W 25W 30W
  - Light color: white warm white
- Voltage: 85-265V

- Material: aluminum glass
  - Driver: IC constant
  - Watts: 7W 10W 20W 25W 30W
  - Light color: white warm white
- Voltage: 85-265V

MODEL NO LW-013

MODEL NO LW-014

- Material: PVC plastic
- Water proof rating: IP65
- Voltage: 110V 220V
- Light color: white red warm white  
Blue green purple
- SMD: 5050

MODEL NO LW-015

- Material: PVC plastic
- Water proof rating: IP45
- Voltage: 12V
- Light color: RGB
- SMD: 5050

MODEL NO LW-016

- Material: PVC plastic
- Water proof rating: IP65
- Voltage: 110V 220V
- Light color: white warm white  
Blue green purple green
- SMD: 3014

Reliable quality - reasonable price - professional service
